EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph A. Kolasch on May 27, 2004.

The application has been amended as follows:

In the first line of claim 4, the phrase "1 or" has been deleted.

2. The following is an examiner's statement of reasons for allowance: The examiner respectfully asserts that none of the prior art, taken either singly or in combination, is seen to teach or suggest the use of a sofa comprising a mattress having the particular material composition (emitting anions and far infrared rays) as specifically recited in Applicant's sole independent claim 1. Moreover, the examiner respectfully asserts that one of ordinary skill in the art would not have found it obvious at the time the invention was made to incorporate such a mattress structure into a conventional sofaed assembly, which generally comprises support surfaces that are designed to be foldable and extensible. Hence, it is considered that the application is currently in full and proper condition for allowance.
